

## Fee Schedule

### Calculation of value used to determine permit fee:

Residential Building -	\$70 per square foot
Non-Livable Space -	\$35 per square foot
Remodeling -	\$30 per square foot
Porches/Decks/Sheds etc -	\$20 per square foot
Manufactured/Mobile homes -	Bill of Sale Required
Commercial Structures/Buildings -	\$70 per square foot

Square footage cost is based on Building Construction Cost Data 2007. This is the leading source of construction cost in the industry. This book takes into account adjustments for the materials and labor cost for the geographic area.
